# About Us

AVAST Solutions was born of a desire to unify and simplify the ever expanding world of audio visual and smart technology in retail & hospitality environments.

Avast specialise in installing cutting edge, market leading audio visual, lighting, security, networking and building management products and combine them under one control solution.

We create solutions for shops, restaurants and hotels from large whole building solutions to small single room installations. We take control of conception and system design, to installation and after-care, creating relationships that grow and evolve as your environment and business does.

# What We Do

AVAST Solutions specialise in the retail & hospitality sector and have successfully completed projects of all sizes, from the small to the very large. We work with private companies, developers, builders and architects to deliver the highest quality, professional services built on a relationship that's designed to last.

# WHAT WE DO |

# | SMART LIGHTING

# Smart Lighting

Setting the mood in a restaurant or bar is crucial to guests' enjoyment and experience. Smart lighting from AVAST Solutions is the only way to truly create the right atmosphere for dining, drinking or dancing the night away.

Rich restaurant and bar interiors need luxury lighting to match. Smart lighting from AVAST Solutions are the best way to bring out the beauty of the environment, whilst affording the user the flexibility to control every detail of the mood.

From automated scene changes as the day progresses into night, to individual light bulb control to a percentage figure – that's smart lighting from AVAST Solutions.

Reduce energy costs by up to 60% using an automated smart lighting system and go green.

# Video Walls & Retail Display

Video walls and retail display are a vital component of any modern shop, hotel or client-facing environment. Awe-inspiring, large format graphics provide shoppers, guests and retail users an insight into the brand, products and services. In short, video walls and retail displays from AVAST Solutions ensure your clients stop in their tracks and pay attention to your brand.

Whether it's a large moving image video wall with ever-changing content, or simple single screen retail displays, our retail video solutions provide clients with brand interaction that they would otherwise not have whilst simply browsing. Capture your clients through jaw-dropping display.

# | BAR & RESTAURANT SYSTEMS

# Bar & Restaurant Solutions

Audio visual treatment is core to any modern pub, bar or restaurant space. Distribute a world of quality audio and a wealth of high resolution video throughout your space to create the perfect ambience and setting for your clientele, . Whether it's a presentation, video call, product launch, portfolio review or screen share, boardroom audio visual solutions are one of the most important elements of the office environment.

Audio visual solutions in the pub, bar and restaurant sectors are crucial for customer satisfaction, user experience and brand awareness. Whether it's ambient background music for diners as they eat, pumping audio in a bar or distributed live sports content throughout a pub or sports bar. AVAST Solutions can take care of all your pub, bar and restaurant's audio visual needs.

# Wired & Wireless Networks

A robust data network is core to any successful retail & hospitality business. AVAST Solutions provide smart data and networking solutions to ensure fast and powerful backbones to business users. From small to large scale, AVAST has your retail and hospitality networking covered.

Wired and wireless network access are fundamentally important in the day to day environment of any company. With that in mind, AVAST Solutions can design, install and maintain these networks on behalf of your business.
